

The Fresno Morning Republican

VOL. XLIV.—NO. 91.

FRESNO, CALIFORNIA, MONDAY, SEPTEMBER 29, 1913.

PRICE FIVE CENTS

CALIFORNIANS IN LEAD AMONG EPISCOPAL FACTION

Catholic Section To Fight Protestants at Coming Convention

FAVOR REV. PARSONS
Fight Being Made Against Dr. Manning in House of Deputies

(Special to the Republican.) NEW YORK, Sept. 28.—Opponents of the "Catholic party" in the Protestant Episcopal church are directing attacks upon Rev. Dr. William T. Manning, rector of Trinity church, to defeat a plan to elect him president of the house of deputies of the Episcopal general conference, which will soon open here.

The Chronicle, a publication published by Rev. Dr. Alex G. Cunningham, rector of Grace church, Poughkeepsie, and the representative of Dr. Manning, but says that they are working "perhaps without knowledge."

Within the past few days, a new Western candidate has appeared in the field for president of the house of deputies in the approaching convention. He is Rev. Edward L. Parsons of California, a veteran of general conventions. Until Rev. Mr. Parsons was mentioned it was said that the honor lay between Rev. Dr. Manning of Boston and Rev. Dr. Fanning of New York.

It was said in Episcopal circles today that a delegation from California at the coming convention will oppose the removal of the word "Protestant" from the title page of the book of common prayer and the use of the word "Holy Catholic Church," and will offer resolution authorizing the appointment of a committee to draw up a constitution of which will include bishops, Presbyterians and laymen, to draw up a statement and present it to the convention three years hence, setting forth that the Episcopal church retains all that was gained by the church of England and that the church claims to be in legitimate and unbroken succession to be a part of the Catholic church.

NATIONALISTS NOT FOR COMPROMISE

Will Demand Fulfillment of Their Bargain With the Liberal Leaders

NEGROES TO FIGHT JIM CROW LAWS

Will Take State Enactments To Supreme Court of United States

WASHINGTON, Sept. 28.—A bitter fight against alleged race discrimination in various sections of the country is to be made shortly on behalf of negroes before the Supreme Court.

The Oklahoma and Maryland "grandfather" constitutional amendments by which thousands of negroes have been disfranchised will be attacked as unconstitutional. An effort will be made to have the Oklahoma "Jim crow" legislation annulled. An attempt will be made by Tennessee negro organizations to be permitted to use the name of "Knights of Pythias" for colored lodges as well as white lodges.

GARDNER DEFIES OWN COMMITTEE

Says He Will Conduct Campaign in Main As He Sees Fit

BOSTON, Sept. 28.—Congressman Augustus E. Gardner, Republican candidate for governor, has declined to allow the present Republican state committee to run his campaign. His action resulted from the refusal of the committee to accede to the candidate's demand that Chairman Charles E. Hatfield resign. Instead the committee voted confidence in Hatfield.

In a statement issued tonight, Congressman Gardner said that he might find his freedom of action as governor if he accepted the help of the present Republican state committee. While he knew Hatfield to be an honorable and loyal man, he said that Hatfield's views and methods were not old views and methods.

"I am fighting the old system in the only way in which it can be fought," he declared, "I am fighting for an uncontrollable Republican party."

DENTIST IS FATALLY SHOT WHEN PISTOL FALLS FROM POCKET

STOCKTON, Sept. 28.—Dr. Jerome Wallace of San Francisco, where his dental offices, was accidentally shot last evening through the limestone when pistol which he carried in his hip pocket fell to the sidewalk and was discharged. The incident happened at Farmington. Dr. Wallace stopped to get a drink of water at a faucet and as he stooped over the gun dropped out. An operation was performed this morning, but it is stated there are no chances for the patient's recovery.

WILD GAS WELL IS PLUGGED AFTER SIX YEARS' LOSS

NEW ORLEANS, Sept. 28.—The famous "wild gas well" in the Caddo oil field of Louisiana, which for six years has caused a daily waste of from fifteen to twenty million cubic feet of gas, was conquered today, according to reports received here.

Some weeks ago another well was driven 150 feet from the wild well. Air was forced into this well which drove pumps. It opened a fissure in the loose earth formation and it was discovered that the air was being forced up into the wild well. Then mud was forced into the new well, it followed the air and finally the pressure of gas in the wild well decreased.

L. A. CITY CLUB OPPOSES PUGILISM

Will Support Anti-Prize Fight Bill Now Being Prepared

(Special to the Republican.) LOS ANGELES, Sept. 28.—The city club, composed of Los Angeles' most prominent business and social men, has adopted a resolution endorsing the proposed anti-prize fight law, and the movement throughout the state in the interest of having the proposed law placed upon the statute books.

The resolution also urges the people of Los Angeles to sign the initiative petition to require the submission of the proposed law to a vote of the people of California.

President Louis R. Works, son of United States Senator John D. Works, announced that the resolution had been endorsed by the board of governors of the club.

NATIONALISTS NOT FOR COMPROMISE

Will Demand Fulfillment of Their Bargain With the Liberal Leaders

LONDON, Sept. 28.—While it is evident that the English leaders of both parties are in a conciliatory mood toward the Home Rule question, it also is evident that Irish leaders are not.

Services were held today in many of the churches throughout Ulster, representing the Church of Ireland, and the Presbyterian, Methodist, Congregational, Baptist and Moravian bodies, in commemoration of the anniversary of Ulster day, when the covenant to resist Home Rule was signed. Sir Edward Carson and Frederick H. Smith attended the service in Ulster hall, Belfast. Three thousand Protestants paraded and held services in Liverpool. The impression in London today is that the conference which Premier Asquith is holding at Brodick Bay, Scotland, with David Lloyd-George, chancellor of the exchequer, Winston Churchill, first lord of the admiralty, and Walter Runciman, president of the board of agriculture, concerns the chancellors' proposed land campaign since the minister for agriculture is participating while the chief secretary for Ireland, Augustine Birrell, is absent.

The cabinet's hands are really tied in the matter of a compromise, as the Nationalists, under John Redmond, have voted for all the important cabinet measures under the agreement that they be rejected by the passage of the Home Rule bill. Therefore it is doubtful whether any conference can find a basis for agreement.

After the review of Sir Edward Carson's army yesterday, a party of Nationalists pulled a small union jack from an automobile and one of the occupants shot a boy in the leg.

ABSURD, SAYS REDMOND.

CAHirciveen, Ireland, Sept. 28.—Sir Edward Carson and his friends have supplied the newspapers with amusing silly season copy which has made the semi-palace into insipidness," said John E. Redmond, the Irish Nationalist leader, replying to an address of welcome here today.

The Ulster provisional government, he declared, would require many millions of capital, would cut itself off from the imperial government and the Irish government, from old age pensions and the benefits of the insurance act, from the imperial act, from education, agriculture and public works; from the operations of the Housing and Land Purchase acts and from the postoffice. No merchant could draw a legal check, give a legal receipt or recover a debt outside of Ulster.

"The whole thing is a gigantic and preposterous absurdity," he exclaimed. "It is meant merely for English consumption. But the English people are not fools nor cowards. They won't be humbugged by talk about provisional governments nor intimidated by the wooden muskets of Ulster."

"HOME RULERS ORDERLY."

In a second speech, Mr. Redmond declared that the Home Rulers had been silent, law abiding and orderly, while their opponents had been shrieking and boasting of illegality and inciting to riot and bloodshed.

Knowing that the destruction of the Home Rule bill would mean the breakdown of the government's other proposed reforms—Wealth disinheritance and the abolition of plural voting—and would mean also the restoration of the veto of the House of Lords and the defeat of British democracy for a generation, he said, it was no wonder that Ireland maintained an attitude of self-restraint and confidence.

DE LA FUENTE IS CANDIDATE OF LIBERAL PARTY

Will Receive Support From Opponents of Catholics in Capital

IS THIRD NOMINEE

Will Porfirio Diaz Return To America On Order of Huerta?

MEXICO CITY, Sept. 28.—Colonel David de la Fuente, former minister of communications and public works in General Huerta's cabinet, has been put forward as presidential candidate by the so-called Liberal Republican party. This makes the third nomination for presidential honors.

The Liberal Republican candidacy was first offered to General Arellano Beltran, minister of war, but was declined by him with the assertion that he would not accept the candidacy of any party. Dr. Gregorio Menchaca, a former senator, was nominated for the vice presidency with Colonel de la Fuente. Both have accepted.

The sphere of influence of the Liberal Republicans is confined largely to the capital. The party has no definite organization but consists chiefly of the adherents of a group of congressmen who constitute a wing of the opposition in the chamber of deputies to the Catholic party.

Lively interest is centered in the reported recall to Mexico of General Porfirio Diaz. Coupled with General Huerta's announcement to the Mexican diplomats abroad that the revolution has been suppressed, it has given rise to all sorts of speculation that the chief of which is that the ex-president would be asked to resume his place in the army so that his services would be available for the war council in the event of general outbreak of hostilities. Meanwhile the war department is silent as to its intentions.

General Porfirio Diaz has been on the retired list for more than a year. General Diaz gave instructions that the salary which the army regulations accorded him as a retired officer should be distributed yearly as a prize among the cadets in the Chapultepec military college. Porfirio Diaz recently was invited by General Mondragon, then minister of war, to resume his place on the active army roll. At that time General Diaz declared, implying that he would return if his country would need him for a foreign war. General Diaz is in his forty-fourth year.

GENERAL DIAZ SENDS HIS FELICITATIONS

PARIS, Sept. 28.—General Félix Diaz sent a cable message to Senator Gamble today expressing his felicitations and compliments upon the nomination of Senator Gamble to the presidency of Mexico by the Catholic party.

"Frederick Gamble is an honest and sincere man," said General Diaz, "and I hope he will be elected. He would bring to the office the right spirit."

"My friends have brought me forward, but I have not asked them to work hard for me. Should I be chosen, I will do all that I can to bring about order and justice in the country. My candidacy is that of a Liberal with freedom of conscience in all religions."

He said General Porfirio Diaz has determined not to return to Mexico until the country was tranquil, and added that he had abandoned politics absolutely.

CONSTABLE SHOT; NEGRO IS BURNED

McBEE, S. S., Sept. 28.—J. M. King, constable, was shot and instantly killed, and Sheriff J. B. Douglass and Deputy Abbott were wounded today by James Davis, a negro, who subsequently perished in the burning ruins of his house near Middendorf, this county. A posse is searching for Davis' wife, who assisted him in his flight against the officers and escaped before his house was set on fire.

ARREST MADE IN BOY MURDER CASE

PHILADELPHIA, Sept. 28.—A strong web of circumstantial evidence was woven today around Joseph O'Brien, arrested as a suspect in connection with the murder of 7-year-old Israel Goldman, according to the police. The boy's nude body was found yesterday on the links of the White Marsh country club. In O'Brien's room, a few doors from the home of the murdered boy, detectives found a blood stained knit jacket with the inside pockets torn away. The knit jacket found near the body, according to the police, are of similar texture to this jacket.

TOO MUCH BUSINESS AT S. F. POSTOFFICE

SAN FRANCISCO, Sept. 28.—Unless a large number of new employees are secured immediately, the San Francisco postoffice fears a serious situation in handling the mails, due to the enormous gains in parcel post business. Assistant Postmaster W. F. Burns says the office is being flooded by the immense volume of parcels.

ECUADOR REBELS FIRE ON VESSEL WITH FATAL RESULTS

GUAYAQUIL, Ecuador, Sept. 28.—News was received here today that the rebels under Gen. Carlos Concha, who are operating around Esmeraldas, opened fire on a steam launch bringing government troops, killing six of the crew of the House of Lords and the defeat of British democracy for a generation, he said, it was no wonder that Ireland maintained an attitude of self-restraint and confidence.

TWO DRUG-CRAZED NEGROES RUN AMUCK IN MISSISSIPPI; SEVEN DEAD, TWENTY INJURED

State Troops Hurry to Stop Disorder—Miscreants Lynched—Several Officers Fall Victims of Trouble, Which Started Among Blacks

HARRISON, Miss., Sept. 28.—Two drug-crazed mulatto boys, brothers, began a reign of murder here early today that ended only after three white men, four negro men and a negro woman had been killed, twenty persons wounded and two boys lynched. A serious clash between the races was prevented by the arrival on a special train of a company of national guardsmen from Natchez.

The trouble started at about 2 o'clock Sunday morning and continued intermittently until 10 o'clock when Walter Jones, the older of the two boys, who started the firing, was wounded by citizens earlier in the day. No more trouble is feared.

The dead: Sheriff G. B. Hammatt, of McPherson county, white; former constable Frank Keinly, white; Claude Freeman, white, of Fayette, Miss.; Joanna Alton, Tom Weeks, Leon Thompson, Teller Warren and Thad Grayson negroes killed during previous shooting; Walter and Will Jones, negroes lynched.

Walter Jones, white, may die; E. B. Appling, white, may die; E. A. Appleby, white, conductor of a Yazoo and Mississippi Valley Railroad train, dangerously wounded; William McClellan, white; William Keinly, white, son of Frank Keinly; W. C. Bond, white; William Dennis, white; sixteen negroes, none dangerously hurt.

STARTED AMONG NEGROES

The shooting was started by Walter Jones, aged 20, in the negro quarter where the negro woman, Joanna Alton and Thad Grayson were shot and killed.

Walter then went home, aroused his 18-year-old brother, and together they proceeded through the main street of the little town firing at everyone in sight.

The two boys went to the home of two constables, Frank Keinly and Walter Jones, killed him when he

CHINESE GENERAL MAKES APOLOGY

Japanese Satisfied With Reparation For Incidents at Peking

NANKING, China, Sept. 28.—General Chang Hsien, the commander of the Chinese troops at Nanking, accompanied by a bodyguard of thirty soldiers, went to the Japanese consulate this morning and apologized. In accordance with Japanese demands in connection with the killing of several Japanese and an insult offered to the Japanese flag, he expressed his satisfaction at the action of the Chinese commander.

At 3 o'clock in the afternoon, 500 of General Chang Hsien's troops, with the Japanese flag at their head, marched to the Japanese consulate and presented arms, while the commander saluted the consul. The Japanese troops meantime stood at attention.

PEKING, Sept. 28.—The apology of General Chang Hsien to the Japanese consul at Nanking has cleared the air, according to the Japanese officials here and relieves the danger of complications for the present.

GENERAL DIAZ DENIES HE WILL RETURN TO MEXICO

At 3 o'clock yesterday, 500 of General Chang Hsien's troops, with the Japanese flag at their head, marched to the Japanese consulate and presented arms, while the commander saluted the consul. The Japanese troops meantime stood at attention.

The governor took an automobile ride this afternoon and again denied that he was a nervous wreck from loss of sleep.

GIRL SWIMS ACROSS CARQUINNE STRAITS

MARTINEZ, Sept. 28.—Miss Marie Helzel of Crockett yesterday achieved the honor of being the first woman to swim the Carquinez straits from Crockett to Carquinez, a distance of more than 2 miles, making the fast time of 32 minutes.

She was accompanied in the water by Thomas Perry, who has swum the straits several times, and by Captain Harry Anderson, his launch. Miss Helzel was but little exhausted from her trip. She is planning to swim the straits and return.

SEX INSTRUCTION IS IMMORAL AS DECLARED BY CATHOLIC INSTRUCTORS

BOSTON, Sept. 28.—The proposals to introduce the study of sex hygiene into the public schools were condemned as "mischievous and immoral" by the semi-annual convention of the Catholic Federation of the archdiocese of Boston today.

ROAD CONGRESS

DETROIT, Sept. 28.—All preparations had been completed tonight for the opening of the third road congress in this city tomorrow.

The congress is held under the auspices of the American Highway Association, the American Automobile Association and the Michigan State Good Roads Association.

PLAN TO SWAMP COURTS WITH SOCIALIST CASES

Defiance of Orders of Judge Humphreys at Seattle To Continue

TWO SUNDAY ARRESTS

Separate Trials Would Keep Tribunals Choked for Months

SEATTLE, Sept. 28.—Further movements were made today of leaders of Socialists that influenced forbidding street speaking issued by Superior Judge J. C. Humphreys.

A special train bearing the Natchez guardsmen arrived soon afterward. While the soldiers were detaching the crowd rushed the seed house.

Not a shot greeted them and when the leaders entered they found Walter Jones completely unarmed but unarmed. They placed a rope around his neck and rushed him to the coal chute. As the negro was drawn up, the rope broke and he fell heavily to the ground. A larger rope was placed around his neck and again he was pulled up. A large crowd looked on as the body writhed until life was extinct.

The crowd then went to the home of the Jones negroes where they found two negro men, whom they were about to Lynch, when officers persuaded them to desist.

Later the body of Teller Warren, a negro, was found in a hut in the negro quarter where Walter Jones first began firing. Evidently Warren was one of the first victims but just when he was shot was not known.

The Natchez guardsmen returned home. The negro population appeared to be as much incensed at the Jones brothers as were the whites.

Tonight the bodies of the Jones brothers had not been laid down.

superintendent of schools for the purpose of taking up any matters relative to the superintendents' work. The principal subjects discussed at this convention were the free text books and the teachers' pensions law, besides other laws relative to the schools of California.

The first day's meeting was last Monday which was held in the town hall at Castle Crags. Graduation from the grammar school and the intermediate school were the questions discussed here.

The next day's session was at Shasta. It was practically an out of doors meeting. The matters taken up at the meetings here were the teachers' pension law and the possibilities of the new institute law. During the afternoon of this day a special meeting of city superintendents was called to take up the question of tests of efficiency.

SCHOOL BOOK QUESTION.

Wednesday the school superintendents met in the town hall at Glisson and took up the questions of the distribution and care of state text books and that of supplementary books and supplies. The general opinion expressed by the superintendents on this latter question was that the majority of the schools were not furnished with sufficient supplementary books to carry on the school work on the lines desired by those in charge.

The timber raising in and around McCloud was the hottest topic on the fourth day. Here the review of the state laws was made and the matter of adoption of text books discussed. After the meetings the educators were taken on a trip through the timber district so that they could see how the industry was carried on.

The last day of the session was held in the assembly hall of the normal school at Chico. Here a general review of all the subjects taken up on the trip was held and the fields of work for now commissioners of education discussed.

Committees were appointed to investigate the matter of teachers' pensions and the new school laws and given a year's time in which to make a report. As regards the matter of teachers' pensions, it was the opinion of the majority of the educators that a teacher who had spent thirty years in educating others was entitled to a pension.

The members of the state board of education made the trip through the northern part of the state with the superintendents.

Lindsay refutes the assertion cast upon the county and city superintendents of the state that for their Shasta convention train a car with removable chairs was added to their train for use in "ranging" as had been intimated. He affirms seriously that the chairs were never displaced and that during the entire convention, the car was only used once as an auditorium.

Lindsay says that the convention program for the four days was carried out. The conventions passed no resolutions.

"Advertising

Doesn't

Jerk-It Pulls."

That's a favorite expression of a great Merchant Prince who spends millions in advertising each year.

He keeps everlasting, at it and his business grows and grows.

There is a thought in that for you—Mr. National: "Advertiser."

Your dealers in this town—your distributors—will tell you that they have kept at it day in and day out to secure their share of the trade.

They would appreciate advertising on your part in daily newspapers like the Republic.

They would enthuse over your product and co-operate with you.

Both would prosper.

Co-operative advertising with local dealers in the daily newspapers is the modern way of selling goods.

Are you interested in co-operative advertising?

If so, drop a letter to Bureau of Advertising, American Newspaper Publishers' Association, World Building, New York.

ERUPTION ON ANKLE GREAT SUFFERING

Many Nights Did Not Sleep. Burned
All the Time. Wore Bandage
Night and Day. Used Cuticura
Soap and Ointment. Now Well.

Kingville, Mo.—"My trouble began eighteen years ago. Nearly half the time there were ridings around about my ankle; sometimes it would be two years at a time before they were healed. There were many nights I did not sleep because of the great suffering. The sores were deep running ones and so sore that I could not bear for anything to touch them. They would burn the entire time and sting like a lot of bees were confined around my ankle. I could not bear to scratch it; it was always so sensitive to the touch. I could not let my clothes touch it. The skin was very red. I made what I called a cap out of white fat, blotting paper and soft white cloth to hold it in shape. This I wore night and day.

"I tried many remedies for most of the eighteen years with no effect. Last summer when my ankle had been sore for over a year and much worse than ever before I went for some Cuticura Soap and Ointment. It would itch and burn, besides a great burning that I think fungus could never explain. The very first time I used Cuticura Soap and Ointment it gained relief; they relieved the pain right then. It was three months from the time I commenced using Cuticura Soap and Ointment until the sores were entirely healed. I have not been troubled since." (Signed) Mrs. Charles E. Brooks, Oct. 22, 1912.

Cuticura Soap 25c and Cuticura Ointment 50c are sold everywhere. Liberal sample of each mailed free, with 22-p. Sisal Book. Address post-card: "Cuticura, Dept. T, Boston."

"Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp."

Buddhism Praised As EVERY-DAY RELIGION

Bishop Says Christianity
Influences World But
One Day in Week

In his sermon yesterday before the Malu-Buddhi Society of Truth Society, Bishop Maxinglanda discussed "A Week Day Religion." He declared Christianity has become a religion based on the Sabbath only, while Buddhism is, he claimed, a working force of religious inspiration every day in the world.

"In the Western world today we have the example of a religion which plays an intimate part in the life of the people. No one will deny that Christianity has a very high ideal, the fulfillment of which would mark a tremendous advance in the evolution of man, but at the same time it must be admitted that Christianity plays an infinitesimal part in the life of the Western world. It cannot, by any stretch of the imagination, be called a 'week day religion,' but it is one day in seven affairs, with an even influence on the majority of the population, and is scoffed at and disregarded by the vast

majority. It lives in a little world of its own made up of pious and well meaning resolution which achieves but little. To all practical intents and purposes it has no influence on the course of politics, commerce or life, social and private."

"There is only one religion which fulfills all requirement—Buddhism, the religion of rationalism, a system of doctrine which, rejecting revelation, makes reason the sole guide in the interpretation of dogma or scripture. Being a religion without a personal God, it has no need of theological subtleties. It rests on the simplest and firmest foundations—the great desire of man for happiness, and perfect happiness, her perfect goodness. In his argument for happiness, man falls into the delusion that he can find pleasure in the path of happiness. He finds that he is wrong, but he does not always find out that he should have proceeded in an exactly opposite direction."

"His deliberations were more in the heat of an exchange of views of what is desired and possible under the outlined subiects.

The highest personal recollection of the convention trip to Lindsay is the marvelous dinner that he and some other pedagogues had at a restaurant at Siskiyou, where having come up town to see the sights they overstepped the dinner hour in the Pullman car. He says, fried chicken in most liberal portions, with strawberries and cream, cake, vegetables and all the other accessories were served for 50 cents only. He confesses a weakness for fried chicken and strawberries with mountain cream.

The convention train was made of one provision car, two diners, the much maligned chair car, an observation car and four Pullman sleepers. The train method of holding a convention proved a success, and there was no hitch except with the Pullmans. With every berth in the sixteen sections occupied, the revenue to the company per car for a day could only be \$18. Yet State Superintendent Hyatt was required daily to guarantee him that he was repaid daily to guarantee the occupancy to the extent of \$45 per car.

For the visit to the palatial residences of Charles S. Wheeler and of Mrs. Phoenix A. Hearst an extra charge of \$1 was made for the ride on the little lumber railroad between Siskiyou and McCloud.

The Wheeler place is located in a natural park on a bend of the river bottom, with strawberries and cream, cake, vegetables and all the other accessories were served for 50 cents only. He confesses a weakness for fried chicken and strawberries with mountain cream.

The convention train was made of one provision car, two diners, the much maligned chair car, an observation car and four Pullman sleepers. The train method of holding a convention proved a success, and there was no hitch except with the Pullmans. With every berth in the sixteen sections occupied, the revenue to the company per car for a day could only be \$18. Yet State Superintendent Hyatt was required daily to guarantee the occupancy to the extent of \$45 per car.

At the conclusion of his address, Dr. Conley recited the following poem of his own composition:

THE FLAG.
(Sung to tune of "America.")

Unfurled our flag today,

Its stars and stripes display,

Where all may see;

The flag we love so well,

For which our heroes fell;

Let all its glories tell;

Flag of the free.

Fling out its beauty folds,

A joy to patient souls,

Proud of its war,

A banner in the fight,

To end oppression's might,

It stands for truth and right,

Flag of the brave.

A sign on land and sea,

Of hope and liberty,

The wide world through;

It tells of battles won,

Of noble work well done,

And Freedom's march begun,

Flag of the true.

Oh, God! on Thee we call,

Who reignest over all,

Great God of might,

In every coming day,

Keep this our flag, we pray,

Unstained through all the way,

Flag of the right.

Three-Hundred From Valley Lodges Gather in Big Barbecue

EXUBERANT ELKS JOIN IN JINKS

OUT OF THE GLOOM

Many a gloomy countenance in Fresno now lightens with happiness.

A bad back makes you gloomy. Can't be happy without continual backache.

The aches and pains of a bad back are frequently due to weak kidneys.

Doan's Kidney Pills are recommended for weak kidneys.

So Fresno citizens testify. Mrs. C. S. Hohmann, 1152 Q St., Fresno, Cal., says: "I suffered terribly from headaches and pains in my back, sides and dizzy spells. As time went on, I got worse until I was all run down. I had most all the symptoms of kidney complaint, and nothing gave me the slightest relief. When I heard about Doan's Kidney Pills, I got a supply at the Baker & Colson Drug Co. In a short time after using them I noticed a wonderful change. I was soon restored to good health. Some years ago I gave a testimonial telling how Doan's Kidney Pills had made me feel like a different person, and I can say too much in their praise. Send anyone to me who doubts the merit of this valuable medicine."

For sale by all dealers. Price 50 cents. Foster-Alburtis Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PLAN TO IMPROVE TULARE LAKE AREA

Santa Fe Syndicate Owners
Will Make Leases Con-
ditional on Levees

Ducks Dying in Large Num-
bers—Stratford News
Notes

STRATFORD, Sept. 28.—The owners of what is called the Santa Fe lands on the lake are not renting this year to any one who will not agree to build substantial levees for the protection of the lands from the lake. It now appears that the lake is to be confined to an area of a few square miles, and of course will overflow if we have either a wet or normal year. It is too bad that the people interested on the lake corner get together and make a permanent drainage system to reclaim these lands which are by far the richest and most valuable in this section of the State. It is estimated that the value of one year's crop under good conditions would pay for the entire drainage, and it is also estimated that the useless work to put in levees this year alone would go a long way towards permanent improvement if the people could be induced to work together.

Mr. Smalley, the fish and game commissioner of this district, has established an experimental station on Tulare Lake, some six or seven miles south of Stratford, to determine, if possible, the cause of the death of the young ducks on the lake. Their sickness seems to be rather mysterious and the birds in large numbers become unable to fly and swim over to the levees and the edges of the water and then they lie around for a few days and die. The birds are extremely fat and it has been suggested by some that this in combination with the unusual heat has been largely responsible. The lake is down now to an area of a few miles square; the water is from a few inches to a foot or two

A Medicine That Gives Strength

Dr. Williams' Pink Pills are a strengthening medicine. Surely and effectively they build up the blood, invigorate the appetite, tone up the digestion, give brightness to the eye, color cheeks and lips and quickness to the step. Another direct action is on the heart, making it a health-bearing stream, no part of the body can escape their beneficial influence.

Dr. Williams' Pink Pills are not "patent medicine" but a doctor's prescription, now used the world over because of their recognized value as a household medicine. They are sold everywhere in a standard, trade-marked package which is a guarantee of uniform quality and strength and which contains the doctor's own directions and special instructions.

Start now to tone up your system by getting a box of Dr. Williams' Pink Pills from your druggist. Follow directions closely and improvement is as certain as almost anything in medical science.

ANALYTICAL RESULTS BRIGHTS DISEASE

Clinical Laboratories Battle Creek Sanitarium, Battle Creek, Mich.
August 28, 1913.

Mr. J. H. Eagy,
4118 Langley Ave.,
Chicago, Ill.
Dear Sir—

The report of Mrs. Eagy's last specimen on August 2nd has been received. Compared with this test with the analysis of June 14th shows a marked improvement. The specific gravity is normal. The sugar has entirely disappeared and the albumen has been reduced from three to one-half per cent. Will enclose the report.

So glad Mrs. Eagy is improving.

Very sincerely yours,

LBS-D-EAGY, LAURA B. STONER.
Patient Mrs. J. H. Eagy has had Brights many years. It is a recent attack complicated with Brights Disease. Usual Symptoms—Sugar, Albumen, Drossy, Heart Symptom and Retinitis. She is on Fulton's Renal Compound. Her husband sent us the above report showing the results. Patterson Block Pharmacy, local agents.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at
the Nestling Cuddled in its Bonnet.

A woman's heart responds to the sweet-
ness of pretty child, and more so to-day
than ever before since
the advent of Mother's Friend.

This is a wonderful
external help to the
muscles and tendons. It penetrates the tis-
sues, makes them readily yield to nature's demand for ex-
pansion, so there is no
period of pain, discomfort, straining, nau-
sea or other symptoms so often distressing
during the anxious weeks of expectancy.

Mother's Friend thoroughly lubricates
every nerve, tendon and muscle involved
and is a sure preventive for caking of the
breasts.

And particularly to young mothers is this
famous remedy of inestimable value. It
enables them to preserve their health and
strength, and they remain pretty by having
avoided all the suffering and danger that
would otherwise accompany such an occasion.

You will find this splendid remedy on
sale at all drug stores at \$1.00 a bottle.

Write Bradford Regulator Co., 234 La-
mor Bluff, Atlanta, Ga., for their Instruc-
tive book for expectant mothers.

DANGER SIGNALS TO WOMEN

Is what one physician calls back-
ache, headache, nervousness and the
blues. In nine cases out of ten there
are symptoms of some female de-
rangements or an inflammatory, ulcerative
condition, curable by taking Lydia
E. Pincham's "Vegetable" Compositum.
Thousands of American women will
certainly testify to its virtue.

HEAVY DRAMA IS HEADLINE FEATURE AT PHOTO THEATER

SCENE FROM "THE SACRIFICE AT THE SPILLWAY," AT FRESNO PHOTO THEATER.

The Sacrifice at the Spillway which
will be shown at the Fresno Photo
Theater on Monday and Tuesday is a
headline feature in two parts. The
drama deals with life on a picturesque

COALINGA HAPPENINGS

COALINGA, Sept. 28.—J. D. Proud,
superintendent of the K. T. & O., section
31, will leave on October 14 for
Honolulu, where he will spend a month's
vacation seeing the sights and enjoying
himself. He will be accompanied by
A. C. Harwood, also of this city. At
Honolulu they will take a small boat and
cruise among the islands.

Mrs. Frank, John and Tom Cheney and
their children are spending the week-end
at the home of their parents, Mr. and
Mrs. Glazebrook, near Fresno.

The Pleasant Valley Club gave an evening
of enjoyable billiards feuds on last
Thursday evening. The affair was well
attended. The Cheney and proved to be quite
a success for all that attended. Chef
Cohn did his best and the members and
their friends did full justice to the food.

The club proposes to hold several other
similar affairs of the kind during the com-
ing winter months.

George Awalt and F. E. Thompson
spent Friday at Fresno attending to busi-
ness matters.

C. A. Hively, general superintendent
of the K. T. & O. in this field, is
reported quite ill at his home on sec-
tion 26.

Frank Hammill, an employee of the
Limited, had the misfortune yesterday to
break his right arm. He was brought
to the hospital, where it was dressed.

CERES NEWS NOTES

CERES, Sept. 28.—Mrs. J. Clapp re-
ceived a message that her mother had
been called suddenly by death and im-
mediately left on the 2:30 train north
last Wednesday for the house of mourning
in the Nebraska home.

Mrs. T. E. Wilson of Sycra Park,
Ceres, is enjoying a visit from her
mother, Mrs. W. H. Cosgrave, of Chi-
cago, who arrived Saturday, Sep-
tember 27th.

Edw. Heisley stopped over Friday to
visit his parents, Rev. and Mrs. J. M.
Heisley, on his way from Chico to Arizo-
na, and will leave Monday.

Stanton Heisley returned from Arizona
Saturday morning via Santa Fe railroad
to Ceres.

Mr. and Mrs. Harry MacElrath of Sac-
ramento arrived last Monday night and
are the guests of Mr. and Mrs. L. E.
Service. They came in the L. E. Service
machine with the Service party who
visited them during the San Fran trip.

Mrs. Vilas and Mrs. A. W. Fowler were
the guests of Mrs. S. S. Horn, Wednes-
day, at her home in Esmeralda.

Mrs. E. G. Stone went to Modesto Fri-
day morning to spend two days with her
daughter, Mrs. W. G. Dean.

The C. N. Whitmore residence was
burglarized last Wednesday night. Sleep-
ing rooms were entered and clothing and
jewelry stolen, and silverware was taken
from the dining room. The burglar was
frightened away probably without as
much as he might have stolen otherwise.
No clue to the identity of the thief has
been found.

Mrs. P. H. Lander is enjoying a visit
from her brother, Alvin Weaver, of Mer-
ced, who has been employed at the elec-
trical works at Lake Tahoe during the
season.

Mrs. Earl Wilson of Berendo came to
Ceres and visited at the home of her
parents, Mr. and Mrs. J. G. Anear,
Wednesday and Thursday.

PARLIER NEWS NOTES

PARLIER, Sept. 28.—T. H. Rhine and
wife, who have been in the mountains
for some time at their son's, returned
home and found it had been broken into
during their absence and nearly all
things of value had been stolen.

Rev. John Oliver, district superintend-
ent of the M. E. church, held a business
meeting here last Friday night.

Mrs. Charles Traber leaves Saturday
for Big Creek to join her husband, who
has a position in the construction camp
of the S. J. L. & P. Co.

The engine has been here and makes
have been driven marking the place for
the new depot.

J. F. Hoyhurst has bought two lots
out of his store building and will soon
erect a brick building \$5,250 thereon.
He may build two stories if he can find
suitable tenants.

Rev. Boyd will leave Monday evening
for Long Beach to attend the Methodist
conference. He will be moved to town
where there is a high school for his
daughters.

There are 160 pupils in attendance at
the grammar school.

John Jedeker has commenced the erec-
tion of a cottage on his lots in town.

Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. The mistake is that they visit the wrong department in the drugstore. Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, frequent colds, etc., are the chief causes of character in a short time bring the dull eye, the "gray" face, the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young, but feel young.

Yours need not supply your liquid tablets former and
now. You can buy them in tablet form at the druggist's
or at the National Medical Institute, Buffalo, N.Y., and obtain
them in tablet form.

Comfort CAST IRON LINED HEATERS GUARANTEED TO SAVE YOU 25% ON YOUR FUEL BILL

Do Not Wait

until the cold
weather com-
pels you to buy
a heating stove.

Now while you
have the time to look
them over and we
have the time to show
them is the time to
make your purchase.

Our line of cast lined, nickel trimmed stoves are not only the best quick heaters, but also the best retainers of heat, and combine with these qualities an attractive appearance that will add to the appearance of any home.

We have a large assortment of cheaper sheet iron heaters, ranging in price from \$2.00 to \$6.50. These are great for quick heating.

SPECIAL—This season we have added a new stove to our sheet iron line. It is equipped with a heavy asbestos sheet riveted in between two pieces of sheet iron, this combination comprising the bottom of the heater. This keeps the heat off the floor and does away with the danger of ruining the carpet. We would be glad for an opportunity of showing you our line.

WHY NOT THE LIFT?

The are talking about running an elevator up the "ledge trail" cliff to Glacier Point, Yosemite, so that visitors may make the climb and see the view without any exertion at all. And why not? Now that Yosemite is accessible by railroad and automobile, the demand for other modern improvements will soon become irresistible. Already, complaints of the lack of a modern hotel are general. To be sure, you can get more real comfort, and feel more like the mountains, in the various camps, than you could in some Yosemite St. Regis, but that is not the point. Dives and Porches, just out of a Pullman car yesterday and on their way back to one tomorrow, do not know that they are in the mountains. In the cities where they resort, the place to go to is a hotel and it would be impossible and imposing cruel and unusual mental exertion on them to ask them to realize the existence of other environments than the ones to which they are familiar. For the same reason, also, it is asking too much of Dives and Porches to deprive them of their accustomed means of transportation and elevation. In the world from which they came a man is not supposed to be able to navigate himself. He is a mere passive object to be moved about and set down to order. Why shock him with the discovery that there is any part of the world in which the way to go is go, and the way to do a thing is to do it? In a modern hotel, you are treated as a congenital idiot, who does not have to have even enough sense to eat. The waiter furnishes the brains to get your food to your mouth, and he will, if you like, even tell you what to eat. All he requires is that you shall also not have brains enough to count change, nor care enough to pick it all up. If helplessness is the mark of superiority in the city, why revert to the one-day guest that in the mountains self-reliance is the test of manhood? Let him be yanked up the cliff in a cage if he likes. He can complain to the elevator boy, just as well as he now does to the mute-guides, that there is something wrong with the show, since it doesn't look like the advance notices. And that is about as much as Dives, Porches, Volgas, and his wife and his wife's sister's cousin Jane, get out of Yosemite now.

SO WHY NOT THE "LIFT"? But, honestly, we hope they won't get it.

BY EXTERMINATION

According to revolutionary leader Carranza "Peace in Mexico is impossible until one party or the other has been exterminated." If the only way to get Mexican peace is to kill off all Mexicans, if Mexico is divided into two parties, each of which believes as to the other that the only good Mexican is a dead Mexican, then indeed is Mexican peace a dream of the long and bloody future. If the carrying out of so monstrous a doctrine were really thinkable, it would be, of course, a magnificent thing selfishly for the ultimate interests of the United States. Mexico is a wonderful country. There is nothing the matter with Mexico but the Mexicans. The two parties of Mexicans are so nearly equal that neither of them could be exterminated except by a conflict so bloody that the other one would also be almost exterminated. If Carranza's hope were realized, Mexico would be depopulated. Then the United States could annex the empty land, populate it with American and European immigrants, and we at least would find it a profitable deal. But of course humanity revolts at any such conclusion. If he lacks so much of being human, or else he fails to realize what it means. And if any considerable part of the population of Mexico shares Carranza's views which seems unfortunate to be probably the case, it is only a question of comparatively a short time before American intervention must stop Mexican extermination. Roman conquerors used to pacify a country sometimes by extermination or enslaving its population. Modern sentiment will not endure such pacification, even when it is self-inflicted.

UNDOPING FIENDS

The state board of control is planning to have the various drunkards and dope fiends, now confined in the various asylums on the fiction that they are insane, all transferred to the Napa hospital and there assigned to work the Fry ranch, near Yountville, which the state bought but has not yet utilized as a reformatory for first offenders. Dr. Hatch, state superintendent of asylums, and Dr. Hollingshead, head of the Napa asylum, believe that the plan, if practicable, will be for the benefit of the patients, and President Neyland, of the board of control, believes that it will save money for the state.

The scheme, in this immediate form, is doubtless temporary, since the Yountville ranch will have to be used ultimately for other purposes. But it is the beginning of what may be the final method of dealing with the drink and drug problem. We have three-methods, now; all absurd and

failures. We preach and scold; we lock up low-grade drunks in jail; and we send better-dressed drunkards and drug fiends to the asylum. But it does no good to preach and scold; the jail treatment does nothing but harm, and the asylum is the wrong place to do what little good it may do.

What the drunkard and the drug fiend need is of course first enforced abstinence from these poisons. But they need also good food, out-door work, and a stimulating and encouraging environment. Given these, most of them can be restored to normal conditions. But to scold them for perversity, or to treat them as criminals or lunatics, is to strike so far wide of the mark as to be worse than useless. And to let them alone, to number and menace society as well as themselves, is an inexcusable wrong.

One of the important laws of Panama is that every tin can must have a hole punched in its bottom before it is thrown away. And the law really is important, because an unperforated tin can might hold water, and the water might breed mosquitoes, which would spread malaria and yellow fever, the chief scourges of the isthmus. So the law is really important. But what a shriek of "freak" would go up if some regulation equally unique were equally important here, and were therefore enacted into law.

METHODISTS MEET AT LONG BEACH THIS WEEK

Opens Tuesday Night With Reception To Bishop Hughes

Sessions To Continue From October 1st to 6th Inclusive

LONG BEACH, Sept. 28.—The Southern California conference of the Methodist Episcopal church will be held at the First Methodist church October 1 to 5.

On Tuesday night, September 28 a reception will be given to Bishop Edwin H. Hughes by the conference at the Hotel Virginia. Charles Van de Water will preside.

Addressess of welcome will be given by Mayor L. S. Haugh in behalf of the city and Rev. A. Ray Moore, pastor of the Grace Methodist church, in behalf of the local Methodist Episcopal churches. Rev. George D. Kanglats will speak in behalf of other churches of the city and William R. Wallace, representing the faculty.

Ezra A. Healy, dean of the University of Southern California, theological department, will make responses for the conference. Bishop Hughes will speak on personal evangelism.

On Wednesday morning when the conference opens a lecture will be given at 8 o'clock by Rev. F. Watson Hannon of Drew Theological Seminary. At 9 o'clock, with Bishop Hughes presiding, the conference will be formally opened, and the organization of the conference will follow. The anointing of the Lord's Supper and a memorial service will conclude the morning.

At 2:30 anniversaries of the board of missions and the Woman's Missionary Society will be held, following which an address will be given by Rev. Robert Forbes, secretary of the board of home missions.

An evangelistic service at 7:30 p.m. will be conducted by Dr. Hannon.

The program for the rest of the conference week follows:

Thursday, Oct. 2—8 o'clock, lecture by Dr. F. Watson Hannon; 9 o'clock, business session of the conference; 2:30 p.m., anniversary of the board of foreign missions and the Woman's Foreign Missionary Society. Address by Rev. A. B. Leonard, secretary emeritus of the board of foreign missions; 7:30 p.m., evangelistic meeting conducted by Dr. Hannon.

Friday, Oct. 3—8 a.m., lecture by Rev. F. Watson Hannon; 9 a.m., business session of the conference; 2:30 p.m., anniversary of Freedmen's Aid Society; music by the John Hall Jubilee Singers; address by Rev. Grant Stewart; 7:30 p.m., evangelistic meeting conducted by Dr. Hannon.

Saturday, Oct. 4—8 a.m., lecture by Rev. F. Watson Hannon; 9 a.m., business session of the conference; 2:30 p.m., anniversary of the board of education; address by Rev. Fletcher Homan, president of the Williams University; 7:30 p.m., evangelistic meeting conducted by Rev. Dr. Hannon.

Sunday, Oct. 5—8 a.m., conference love feast conducted by Rev. D. F. Lewis; 11 a.m., morning worship service by Bishop E. H. Hughes; 2 p.m., ordination service.

GRANGER TO RESUME HIS WORK TODAY

F. S. Granger, promoter of an interurban line from Fresno to Clovis, will resume work again today and may sign up rights of way for his line. Granger has been confined to his home for the last two days because of a severe cold but his work had been done by several helpers from Clovis.

A LINE O' CHEER EACH DAY O' THE YEAR

BY JOHN KENDRICK BANGS

THE RETORT COURTEOUS

If some one says that you're not any good

Or some such pleasant thing or other,

Just smile as though you hadn't understood,

And call him "Brother!"

That's quite the same as calling him "another!"

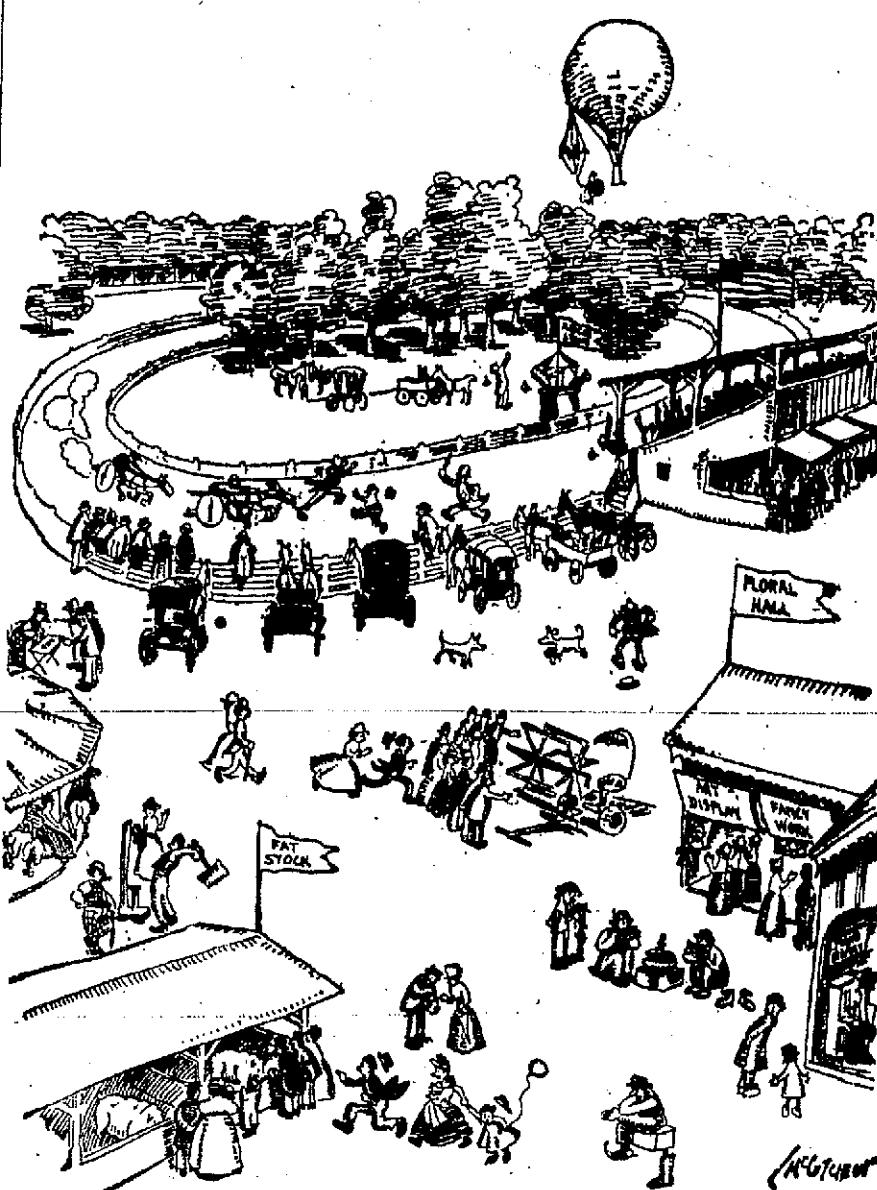

And saves a row,

And what's the use of rowing, anyhow?

THE COUNTY FAIR.

The WORLD'S MYSTERIES

MYSTERIES OF AMERICA

WHAT WAS THE PALATINE LIGHT?

Few readers will recognize the title of this article as associated with anything familiar to them in connection with America, and those few will do

know something of the Palatine Light

more or less familiar with Whittier's popular poem "The Palatine,"

which is contained in his "The Tent

on the Beach."

Leagues north as fly the gull and auk

Pont Judith watches with eye of hawk;

Leagues south thy beacon flames,

Montauk."

There, circling over their narrow

range,

Quint tradition and legend strange,

Live on unchallenged, and know no

change,

The old men... pending their nets of

twine,

Talk together of dream and sign,

Tales of the lost ship Palatine,

Into the teeth of death she sped;

"May God forgive the hands that sent

The false lights over the rocky head."

In their cruel hearts, as they homeward sped,

"The sea and the rocks are dumb,"

they said;

"There'll be no reckoning...with the dead."

But the year went round and when

once more,

Along their foam-white curves of shore,

They heard the line-storm rave and roar.

Behold again, with shimmer and shine

of Platinum and Diamonds in many exclusive designs mounted in our own shop.

Gold pendants mounted with precious gems—fashioned into a half hundred beautiful pieces by skilled lapidists.

You'll find anything and everything most desirable

in fine jewelry and you'll find it very moderate in price at all times.

Rugs And Reputation

EVERY "WHITTALL" rug we sell, not only helps our rug department, but our entire store. It adds to our reputation as handlers of satisfactory merchandise, and some of the largest accounts on our books can be traced to the first sale of a "WHITTALL" rug. These are indeed beautiful rugs. They combine the modern, intelligent methods of manufacture with the wonderful designs, colorings and qualities of Oriental rugs. The value of a "WHITTALL" rug is enhanced by the steady wear in a private home, as its appearance becomes lustrous and mellow. We show the rugs in a full complement of designs, colors and sizes.

STATE WORKERS DISCUSS SUNDAY SCHOOL PROBLEM SHOW ADOLESCENCE THE TIME FOR RELIGIOUS IMPRESSION

Organization, Efficient Teaching, Co-operation With
Parents and Other Features of Church Teaching
Theme in Many Local Pulpits Yesterday

The importance of the Bible school and the necessity for trained teachers in this work of the church was emphasized by state workers of several denominations in the Fresno district Sunday school convention in this city yesterday. Minor points urged were the enrollment of more adults in the pulpits to help solve the problem of holding boys of the adolescent age, the opportunity of teachers in forming the character and mentality, the value of organization and efficiency in Sunday school work, and the advantages of workers visiting the homes in a city.

In the morning the pulpits of many of the Protestant churches were filled by State workers and the Sunday school classes were addressed by them. About 75 per cent of the losses in Sunday schools occurs during the adolescent period. Men in the church schools largely solve the problem of holding the boys of the adolescent age.

The speaker concluded with a plea for well trained teachers in the work of the Sunday school, asking how it were possible for a Sunday school teacher who has a class twenty-six hours in a year to have the influence near that of the day school teacher who has them over a thousand hours a year if she is not as well trained as the latter.

REV. BEAL SHOWS GOOD ORGANIZATION

"The complete Chain" was the topic of Rev. Charles Laurant Beal, county president of the Sunday School Association at the afternoon conference. He said in part:

"Some months ago I received a letter from State Secretary Charles R. Fisher informing me that a convention of Sunday School workers was to be held on a certain date in one of the towns of Fresno county and the chairman had need of speakers. I wrote the chairman I would be glad

to supply his convention with speakers and received a reply immediately asking me how I had secured my information and why I wanted to furnish speakers when they had written Mr. Fisher to furnish them.

"I wrote him that it was my duty by virtue of my office as county president to offer my aid in making every Sunday School and Sunday School convention a success. I further informed him of our complete chain by which the superintendent of the smallest Sunday School in the most isolated country hamlet is in touch with the international secretary in Chicago.

"Our system of organization is most complete. The first link is the World's Association, and the second link is the International Association. The third link is the State Association with its officers of whom the secretary is usually the best known as illustrated in the case of Charles R. Fisher of San Francisco. The fourth link is our County Association which covers all the Sunday Schools of a certain county.

"But our chain is not yet complete for the next link is the District Association. Fresno county has ten districts. The next link is the Sunday School. As soon as a superintendent is elected and the name is learned by a district officer the name is sent in to the county secretary who records it, and then sends it to the State office where it is again recorded and then sent on to the International Association's office. Thus each secretary from International down to the District has a record of all superintendents.

"We have recently had an awakening to the importance of the teaching function of the church and educational evangelism has come to the fore.

"I believe in the absolute necessity of regeneration, for it is only by the acquiring of this new nature that one may enter the Kingdom. Regeneration ought to come early. While it is true that regeneration is absolutely necessary it is only an incident in the development of Christian character. One reason that the work of the church school is of utmost importance

"To make our chain complete it has been suggested that the Sunday School links into each teacher's life and from there into the home. Thus we have completed our chain.

"The International Association gathers up the best methods and plans and freely hands them on to other schools. Every modern method now being applied in the larger and better schools has had its conception birth and development in the organized Sunday School activity. Some of these methods are: 'The uniform lessons'; 'the graded school'; the graded lessons'; the departments of eradicating roll, home visitation, and organized classes;

HOW TO INTEREST THE INTERMEDIATES

"How to Interest and Hold the Intermediate" was the subject of Rev. Dr. E. F. Plumb in his interesting address delivered before the departmental conference of the secondary workers division at the First Presbyterian church in the afternoon. In part the speaker said:

"The problem of 'Teen age' is a very serious one in all phases of our life. Especially is this true in the sphere of religious education. Here the problem is acute. Here our success is least apparent and our failure most palpable. It is in this adolescent period that probably the largest per cent of those who leave the Sunday school slip away from us. There is a reason for this. It is the business of the church to discover it and correct the trouble. It can be done. It must be done, if the church is to interest, hold, mould and lead our people. This is, at least, a part of our mission."

"From the viewpoint of the Sunday school teacher, studying and solving this problem, there are certain facts and principles that stand out as essential elements or factors."

"First, is the attitude of the teacher toward the young people taught? It must be an attitude of real, vital, personal interest in the young people. They have only contempt for sham or make-to-order interest. Just for the Sunday school occasion. If the interest is genuine, they will instinctively recognize it and respond to it."

"There must be a genuine sympathy with youth. This is the most critical period of life. Here the individuality—the ego—is emerging into self-conscious activity. It is feeling its way among the largely unknown and untried ways of life. The sense of freedom is becoming dominant. They are revolutionaries—progressives—sometimes revolutionaries, according to our conservative notions and forms. Just here

is where intelligent sympathy will win the day.

"There must be an attitude of confidence and faith. Impatience with the contradictions and foibles of youth will never open the door of their hearts to the teacher nor enable him to live through them, lifting them up to God, his or her redeemer life. But long suffering veterans faith—if it is born of intelligent interest, sympathy and love will be generous and patient with youth and hold out for them and them until they come to themselves in the later teens.

"This element of faith cannot be imparted by words. It is an atmosphere around the teacher in which the pupils will live and move and live which they will some day be led to the feet of the Great Teacher."

"Second, aside from the attitude of the teacher there must, of course, be a knowledge of the facts and principles taught.

"Third, there must be scientific procedure, through proper class organization, thus taking advantage of the social instinct of the individual, through social organization. The church must become the social center of the youth. It must not only furnish the proper social environment that will meet the needs of youth, but it must command the forces of youth in maintaining this environment and in nurturing the Christ's ideal of life; and finally, through all the procedure there must be an appeal to the heroic. "We will be pre-eminently the hero-worshippers. Youth regards the attraction of the heroic life of which we know. He is the magnet of life. And if I be lifted up, will draw all men unto me."

PERSONALITY IN SUNDAY SCHOOLS

Rev. M. L. Thomas, D. D., director of Sunday school and Young People's Work, spoke at the Powis Memorial Baptist church yesterday morning on "Personality." He defined personality as that which thinks, feels and wills, and asserted that it is composed of conscience, instinct and individuality.

"Religious personality includes talents, end, and impulse." He said, continuing, "Freedom, knowledge, and beauty prepare the way for spiritual personality. The Christian ideal of personality is that of unity in diversity. Christianity is the Interpretation of the world's life and agony by one who was one with the Father. Education is God's ordinary way for the conveyance of grace to human personality.

"Christianity is the religion of persons—God, the Father, Son and Holy Spirit—three divine persons in one. The origin, therefore, is that of perfect personality. Christianity has beautiful doctrines, and is a revelation of the life and love of God. The message of the gospel minister is God and righteousness—making men realize the presence and power of God, in God's love, no evil, personal or social, can endure.

"Christianity is the religion for persons. Andrew of old was quick to see this and as quickly brought his own brother Simon to Jesus. Not climate, not commerce, but personality is the greatest thing about a country. Boys are better than bonds and girls outclass gold. Men weigh more than money, and women outrank worldliness. With the right conception of personality we can do for people, even under adverse conditions, what a famous preacher said his native county in Virginia had done, produced persons.

"The program of Christianity is carried out through persons. Hence the importance of personality. To keep a clean, wholesome spiritual personality so that we may know the highest things of life and bring them to our fellowmen is a worthy aim indeed. Our Savior and teacher was a spotless, loving personality. To the proper representation of Him is our mission to mankind. The man of Christ is the man of the hour. To be Christly in conversation, character and career is to have and to help the highest personality among men."

YOUTHFUL IMPRESSIONS ALWAYS ARE RETAINED

"The Opportunity of the Teacher" was treated by Dr. Miles B. Fisher of Berkeley in his address at the afternoon conference.

Quoting from Prof. William James of Harvard who said "What you cause once to know is his always," the speaker went on to point out the opportunity for the teacher to enrich the minds of those in whom she instills knowledge of religious things.

"Truth," said Dr. Fisher, "is added to the being, and becomes an integral part of it, a fibre in his makeup. He may not recall it, but he has once accepted as the truth which pleases him but he has it there tucked away in his subconsciousness, where it is not in hand in a moment of need and demand. If you teach things so that people know them once they will know them always.

"Because a thing may slip from memory for a time don't think it's forgotten, for subconsciousness is a great storehouse of learning lost to ready reference.

(Continued From Page 4)

A thing which one admits to the center of one's being as true to him, vanishes his being if it is a thing of goodness.

"How shall we know anything after death if the brain goes with the body?

Most psychologists say: 'The brain is that organ by which we are able to forget.'

"Personality is the supreme factor in a man's makeup; the brain is not the sum of consciousness for a brain may be half atrophied when personality still remains. So we find personality is not the equivalent of brain."

"Thus it is you see that what you are at pains to teach with apparently no result will prove an enrichment in a later world, though much that is remembered will be for aid in this life. "Foolishness is causing another to know, not telling another, for what may be lost out of ready reference here may be treasured for the life to come. The opportunity of the teacher is second to none."

REACHING HOMES BY CONCERTED VISITS

The project of "Home Visitation," by which the churches of a community unite on a selected date, and during a few brief hours, have church members visit every home in the city, was the subject of the address by Dr. Charles R. Fisher of Berkeley at the conference in the Presbyterian church.

"We cannot save them unless we teach them. We cannot teach them unless we reach them," was the motto quoted by Dr. Fisher in opening his talk. He proceeded to tell the nature of the "Home Visitation," which he said to be an inter-church movement, having three responsibilities.

These responsibilities he asserted were to teach what God has done to save men, what men must do to be saved, and what a saved man must do to help save someone else.

"Are these visitations needed?" asked Dr. Fisher, and proceeded to answer his own question. "They most certainly are. But one out of four children in America are in the Sunday School. The greatest peril to the cause is not a weakness in any department within the Sunday School but in both those without and those within the Sunday School will be to bring into the Sunday Schools and churches of their choice.

"The peril of the church today is idleness. This survey of a city accomplished, systematic co-operation of all forces and promotes thoroughness in the church association. Efficiency is having and exercising the power to produce results. The local church organization is helped greatly by the visitation. Fourteen million people will be visited this year."

The definite results which will be accomplished by a home visitation are a discovery of undeveloped fields; the awakening of undeveloped forces; the revealing of the weak; the pacification of the disgruntled; the sweetening of bitterness; and the direction of the lost. The aggressive campaign is made in the interests of social service and will help to create a plan of local church visitations within an outlined church parish.

"In conclusion I may say, It is the business of the whole church to give the whole gospel to the whole community—home visitation is the method."

WHAT WAS "THE PALATINE LIGHT?

(Continued From Page 4)

along the shore for a couple of miles to return on its vagrant course.

Dr. Wiley's account may be said to be the best in existence for most of the many persons who have professed to see the light have given no date for their stories. More of those who have told of it have been compelled to deny it ever saw it, but have observed that their mother or father had seen it, and from such an "excellent" source their information was derived.

The only explanation that has ever been given for the appearance of this mysterious light from time to time is that there may be peat beds off the northwest corner of the island and that the natural phosphorescence from them provides the light, a true light fixture. Many residents who claim to have seen it were probably deceived by the light of some passing schooner wending its way towards Vineyard Sound or Narragansett Bay but every now and then within the past thirty years have been printed statements of its reappearance.

Tomorrow — The French "Marshall-laisse."

Medium Priced Pianos \$365 to \$450.

We have carried for many years three makes of medium priced pianos—each affectionately known in thousands of homes:

Kurtzmann == **Emerson** == **Estey**

These three makes are built reliably—the musical qualities of tone, touch, etc., are very pleasing and satisfactory—the prices are very reasonable considering their reputation and worth.

We will sell you a medium priced Piano and agree to take it back any time within three years, allowing the full purchase price toward a new Steinway.

Moderate Payment terms on any Piano.

McKelvy Escapes Death in Bakersfield Race

FRIDAY--That Was a Very Bad Guess for Jinks

By C. A. Voight

LOCAL MAN CLASHES WITH MAGONE IN 100-MILE RUN

Earl Cooper Leads Large Field After First Laps of Long Grind

McKelvy Finishes First In 25-Mile Speed Contest; Waterman Second

(Special to the Republican.)

BAKERSFIELD, Sept. 28.—Near tragedy marred the success of Bakersfield's automobile races this afternoon when Tom McKelvy of Fresno, in his three-whirling Overland, collided with Tony Magone's skidding Stutz in the twelfth lap of the 100-mile race, for all turned completely around, rolled over twice, and disappeared from view over a ten-foot bank. By a miracle the plucky Fresno boy escaped without injury, and his mechanician, Bob Reed of Bakersfield, was only slightly injured. He suffered a sprained arm and leg.

The 100-mile race was won by Earl Cooper in a Stutz car in the time of 14:46:06 4-5. He stopped only twice for oil changes and accomplished these in the wonderfully fast time of 35 seconds. He took the lead from the start, was never headed, and was from two to four miles ahead after the first few miles.

JACKSON IN HARD LUCK.

Second place was taken by Janette in a National, whose time was 14:46:51 3-5. A Buick, driven by Earl Jackson of Fresno, came in third and should have won second honors. At the eighty-third lap a rear tire on the Buick blew out, and Jackson's defective brakes carried him past the

track ruling, he could not back up. He made another mile, and his brakes again refused to work. He was compelled to again circle the track in a crippled condition. Meanwhile the National, which he had been defeating, gained two laps on him, and he was unable to cut down this lead in the remaining seventeen miles.

Nine cars started in this long race, and only four finished. Waterman's Buick quit in the first mile. McKelvy was put out in the twelfth, and Magone withdrew shortly after because of engine trouble. The Maxwell never was in the race.

Tire changing was frequent, and Cooper, the winner, made the least changes of any, and these in the shortest time. The Packard, driven by Campbell, finished fourth, and made a fine showing despite tire and engine trouble, which kept it in the pit for many precious minutes.

MCKELVY THRICE WINNER.

The 25-mile race for cars of 300 inches and under was taken with ease by Tom McKelvy of Fresno, who won both of yesterday's races, in the slow time of 26:23 4-5. Waterman, in a Buick, finished second, although last in the fourteenth mile by McKinley Crawford of Bakersfield, in a Maxwell, came in third.

Just before the accident which nearly cost him his life, McKelvy, in his Overland, made a try for the

MAJOR LEAGUES DRAW TO CLOSE

Absence of Jack Coombs
From Mackmen Lineup
Weakens Athletics

NEW YORK, Sept. 28.—A week more of major league play, a week or ten days following to settle the world's champion and the baseball season of 1913 will have passed into history.

The last week saw the pennant contestants in both National and American leagues settled beyond dispute and arrangements for the big series between the New York Nationals and Philadelphia Americans completed. The crucial series of the year will open at the Polo grounds, New York, on October 7, and be fought out there and at Shibe Park, Philadelphia.

The personnel of the two teams is not greatly changed from that of two years ago. The Athletics won the series.

Experts generally figure a decrease in defensive strength for the Mackmen through the loss of Jack Coombs and a corresponding gain by the Giants through the addition of Tereau and Damarets to the box staff.

It is interesting to note that while the Athletics have worked effectively out of their batting slump, the Giants have not shown a corresponding return to their hitting form. Last week McGraw's men averaged only 34 runs to the game while the Mackmen were averaging an average of nearly seven.

COPS OUT IN FRONT.

The batting duel between Ty Cobb and Eddie Cicotte was watched with interest. Ty went to bat 20 times last week and hit safely in twelve instances for an average of .600. Of his twelve hits two were three batters and one double. The fleet Detroiter also scored two runs and stole four bases. Jackson, on the other hand, had a poor week of it for him, hitting safely only four times in 18 times up, an average of but .222.

However, he scored five runs in the four games he played and stole two bases.

Cobb's great week puts him far out in front and there is little doubt that the batting laurels of the season will go to him.

Speaker has been out of the Boston stand lately and his average is likely to stand good. It is, putting him third among the top ten run-scorers.

In the National there is a pretty fight between Detroit and Crispin for lead-ship among the regulars, and having a slight advantage when the latest unofficial averages were compiled.

The veteran Honus Wagner did fair to complete his seventeenth consecutive season as a .300 batter or better, as since the last computation which gave him a .300 mark he has been hitting at a .322 clip and the season has but a week to go.

Dr. A. L. Hunt cures kidney, liver and stomach trouble. —Adv.

THOMAS' ERRATIC TWIRLING LETS FRESNO WIN

(Continued From Page 7.)
with the first run in the second inning. In the third, McClellan ripped a homer over the left field fence.

Pierce stopped the fourth by going out. Butler to Thomas. Driscoll walked. Meusei doubled to left scoring Babe. Fahey singled to center and Hoffman followed suit. Meusei going out at the plate on an attempt to stretch the hit. Bender singled to left, scoring Fahey.

A triple by Thomas and a single by Beekel scored one in the sixth. A double and single in the eighth added another run. Two walks and a scratch hit in the last of this inning gave Fresno the two runs to tie.

In the first of the ninth, Schmidt thumped the ball out of the lot, forcing the Packers to take their final turn in order to win. Score:

RUGBY SCHEDULE FOR C. C. A. A. IS DRAFTED

Attempt To Eliminate Bak-
ersfield Meets With
Opposition

VISALIA, Sept. 28.—Rugby schedules for the minor and major divisions of the Central California Amateur Athletic League were drafted at a meeting of league officials in this city yesterday. The schedules are as follows:

MAJORS.
October 25.—Visalia at Visalia; Bak-
ersfield at Porterville.

November 1.—Bakersfield at Tulare, Porterville at Visalia.

November 27.—Porterville at Tulare; Visalia at Bakersfield.

MINORS.
October 15.—Exeter at Lindsay.

October 26.—Imperial at Dinuba.

November 1.—Dinuba at Exeter.

November 25.—Exeter at Dinuba.

Once again, the proposition of erecting Bakersfield from the basin was brought up. Heated discussion marked the hour of consideration but the motion to eliminate Kern county high school was voted by a substantial vote. Exeter representatives favored the elimination of Bakersfield on the grounds that the city was too large to compete with smaller organizations.

After three years of effort Coalinga was admitted to the league at the meeting yesterday.

The discuss throw was added to the track program.

An effort to eliminate the hammer throw was without result.

HOLDS DUAL STANDARD CAUSE OF IMMORALITY

Editor Republican: In reference to the placing of the child-women March, Warrington and Lola Norris under restraint and thereby adding to the disgrace which they and their good parents have already, and still must suffer, it is safe to affirm that, in his fight against the immorality for leniency to them. In the Juvenile court, Mrs. W. H. Moreland (a different wife) would have put on a different kind of fight had these young girls been boys of the same age who were led astray by the evil influence of married women of mature age and weighted with the unsavory reputations which have distinguished Dicks and Cambpell for years, and before they met the two unfortunate girls that (by the miscreancy of the men's designs against them) have chances to prove their undoing.

This bishop's wife is very merciful indeed to the delinquent husbands in question; though it is not the first time they have broken the hearts of their wives and disgraced their parents, and no doubt she would hotly resent the suggestion that the men, not the girls, owed all allegiance to the wives, and now that they are in the grip of a new and better law than the old double moral standard ever devised, with (man-like) tried to lay all blame upon the women. One need only to have read the evidence of Dicks' own father to know that this is not the firm opinion of the disgraceful escapades. Moreover,

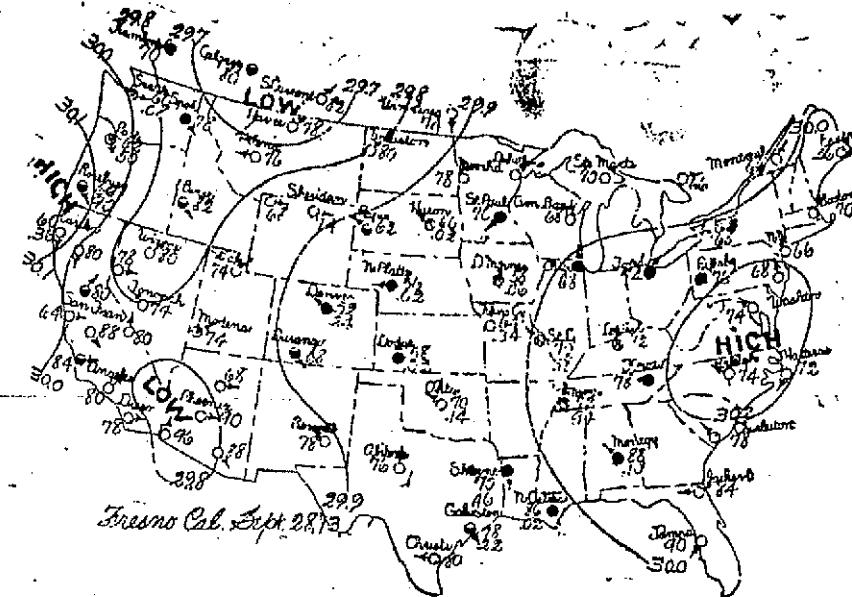

"Unstained thoughts do seldom dream on evil; nor secret bushes bear."

In behalf of Marshe Warrington and Lola Norris, any one who knows anything, knows well that young girls do not think (think evil, anyway), that they are not able to think the stronger thoughts which experiences have taught their elders to think and which would serve as a protection to them in respect to their association with men. Under the all-perilous influence of a double moral standard for the sexes, few of us can from appearance, know the good man from the evil. From her babyhood the girl is taught that men are superior to women; that the man is the strong oak in the human family; that it is expected she shall twine the young tendrils of her affection about him and that his first duty is to protect her—the most tell-he-will—"as she is the weaker and be the stronger vessel"—she helps him for she has been wrongfully taught and she doesn't know how to think now to guide her thoughts. In their first association with men young girls are guided by that confidence in man which their elders are responsible for having cultivated. Therefore, when not prompted otherwise—and constantly there is nothing more natural than for a young girl to believe and to trust the man who happens to gain the first influence over her inexperienced, susceptible and emotional nature—there is no evil thought in the mind of the young girl who does so; the "evil thought" is in the mind of the evil man who will take advantage of her inexperience—the man who dares take advantage because he knows that by the pseudo virtuous woman and all libidinaries among men, he will be upheld to the limit of their power.

Under the double moral standard, women stand virtuous by comparison alone. Under the double moral standard the woman's reward for aiding in the destruction of child-women and children, has been a seat upon the pinnacles; the man has allowed that he could "sit in" in the highest niche thereof, provided she seemed not to know of and therefore upheld him in his greatest immoralities and fought, stamped and generally destroyed and cast down, as victims of his lust, every young woman that she could; and, the more the woman found herself disposed to do in that behalf, the more the man praised and adored her as a virtuous, an obedient, woman; though he knew and often acknowledged, that she hadn't a single virtue in her makeup.—This type of pseudo virtuous woman can't be found everywhere, and though not so plentiful as she once was, wherever she may be known to be "above reproach," herself while upholding to the limit of her power, the libertine and the adulterer of girlhood. I am an aged woman, the grandmother of grown, grandsons and in all my long life I have observed that the pseudo virtuous type of women (as) they can be found in the church) have little room for the man of clean morals—unless he have money—and that, as upholders of immoral men—as panderers to the immorality of the double moral standard, they aid in and foster the delinquencies of men and to a far greater extent than could be the lowest unfortunate in any red light district, in that they pose an and seem to be, virtuous women.

But the time will come (it is almost here) when women who seek thus publicly, to pander to the immorality of men in order to gain preferment over better women, will be driven—from the homes of virtuous women and from the places where virtuous women congregate. Even men themselves are beginning to suspect

TWO full lots, 60x125 feet, on Fresno St., for \$250 and only \$50 cash, the balance to be paid. The best building site in the neighborhood. Only 1 block from paved street.

\$50 Cash will put you in possession of a \$500 lot of 60x125 feet near Blackstone Ave., and the balance can be paid for 10 per cent month.

Hungland—Absolutely first class, 7 1/2 on bungalow, with all the latest modern built-in improvements, on 60x125 foot corner lot. Nicely improved yards and great trees. The price is \$1500, with 400 cash will put you in possession of a \$500 lot of 60x125 feet near Blackstone Ave., and the balance can be paid for 10 per cent month.

We have two first class pieces of property, located on north side of St., this city, which could be sold for \$1500 each or \$600 acres of land, land, trees, Fresno or other good town. It must be a first class proposition, as our properties are gilt-edge.

Almato—29 acres of alfalfa, improved with a good 6 room house, barn, other buildings, shade, well, good new s. h., pumping plant, water right, ditch, and good country soil, two miles, wagon, plow, etc., farm implements included when it wants it. The price of this 29 is \$3500, and can be handled with \$1500 cash, the balance in 4 years at 7 per cent. The terms can't be beat. Let us show you this money-maker.

Extraordinary chance for some one to more than triple his money in a very short time. We have been able to secure, through agents in Los Angeles, a very large piece of land in the town of Loma State. The town hall is located on this property; also a blacksmith shop, which is leased for five years, and there has been some inquiry for other buildings to be built on this location. This property has been valued at \$4000, heretofore, but on account of the owner's absence he has not been able to handle it and places it on the market at \$3500. Governmental bonds, parties living in and around here, are purchasing small tracts and have offered \$500 per acre, but we have not been able to cut it up. By buying this 29 and placing it on the market there is no reason why it cannot be sold for \$10,000 and \$10,000 in the next six months.

PIERCE & ANDERSON
1133 J St.

A BUY near the Normal is a gilt edge proposition. Here are two good ones: 40 feet on the Speedway, a block to car line, 1 block to Normal, \$500. Terms.

60 Feet, 1/4 block to car line, 1 1/2 to Normal; same shade; \$500; easy terms. **STANFORTH & SOWLES**
1282 Fresno St. Phone 446.

A SWELL cottage on the Boulevard between the High and Second Streets, with an acre of land covered with beautiful shrubbery, shade and flowers, for \$5500. Most any kind of terms.

BURNETT WILL NOT COMPLY WITH 8-HOUR LAW

Student Nurses Will Work Ten Hours After the First of Month

Directors of Sanitarium Say Law Is Impractical; 30 Girls Affected

The eight hour law will be disregarded at the Burnett sanitarium, probably beginning with the first of October, and student nurses will be required to return to their former hours, twelve hours a day with two hours for meals. Directors of the Burnett sanitarium at a recent meeting decided to resume the old hours at the sanitarium and Dr. D. H. Trowbridge, secretary of the Burnett Sanitarium Company, admitted last night that the eight hour law would not be followed at the hospital, probably after the first of the month.

Dr. Trowbridge stated that the Burnett was not acting in co-operation with any of the sanitarians around and in San Francisco, planning to make a test case of the law, and that he did not know what the consequences of the acts of the director would be.

Dr. Trowbridge said that since the enforcement of the eight hour law in regard to student nurses it had worked a great hardship at the sanitarium, as they were compelled to change nurses three times a day and night. He declared that this was disastrous not only for the patients, but for the nurses also. The secretary of the company declared that student nurse could not be placed in the same category as shop girls, as they did not have to work as hard, and their labors were not strenuous. Dr. Trowbridge said that the law had been obeyed since its went into effect, but, because of its disadvantages, it would not be adhered to after the first of the month. The doctor stated that the student nurses were paid well while learning at the sanitarium, that besides their salary they received their board, clothing room and laundry, and medical attention and were given one day off every week.

About thirty student nurse girls are employed at the Burnett, and this is the only hospital in the city having such a training school. The new eight-hour law does not apply to graduate nurses.

AUTO GOES "DEAD;" IS BUMPED BY CAR

Machine Driven by C. E. Campbell Slightly Damaged at M and Fresno

An automobile being driven by C. E. Campbell went "dead" on the side of the street on its tracks at near M and Fresno streets last night. The car struck from the rear by street car No. 8. The fender on the machine was damaged, while the steps were torn from the car. The street car company put a new car on the Fresno avenue line last night to replace the damaged one. Campbell with a party of friends were driving out Fresno street when the machine suddenly went "dead." He was alone side of the tracks. The auto was being followed by the street car and before the car could be stopped it had bumped into the machine.

CARRIES ARM IN A SLING; BEGGER IS CAUGHT BY POLICE

Playing upon the sympathy of a king, John Murphy hoodwinked many people into giving him alms yesterday and ran away with his bread, but was finally arrested by Patrolman Dawson and removed to the county jail where he was booked for begging on the street.

OFFICER ARRESTS 3 IN CHINATOWN

Patrolman Ben Winstrom made a clean-up on his beat in Chinatown yesterday, and as a result three men were lodged in the county jail on charges of drunkenness and vagrancy. John Allen was accused of being a vagrant, Nick Eunett, with drunkenness and his name, the third prisoner could not give his name, he was booked as John Doe.

HINDU JAILED AS ROBBER SUSPECT

Patrolman Hartigan early yesterday morning arrested a Hindu in Chinatown suspected of robbing one of his countrymen of \$10 and another Hindu of a suit of clothes at Clavos. The Hindu will be held until the case at Clavos is investigated.

Have Your Eyes Been Tested?

Many people are straining their eyes every day and do not know it. They are making them worse every day that they fail to wear the glasses they need.

Let us fit you with the glasses you require after we have thoroughly examined your eyes and find what is needed.

Fresno Fair Opens Tomorrow RUSHING WORK TO BE IN READINESS

THE "FEARLESS GREGGS" WHO WILL APPEAR IN AUTOMOBILE SOMERSAULTS IN THE AIR AT THE FRESNO DISTRICT FAIR.

All through the day yesterday and the night last night a hundred hammers and saws were at work completing the details of the work of staging the seventh annual district fair, which will open tomorrow morning at 9 o'clock and which has every appearance of being ready for the reception of visitors when the 9 o'clock bomb is fired.

PARADE OF BABIES.

Another department where everything is at fever heat is the Better Baby Show. Mrs. Jewell, who has the details of this work in hand, stood for hours at the telephone last night and yesterday morning answering questions from anxious parents and as a result has close to 200 entries in her department for the judges when they arrive on Tuesday. It is probable that three days will be consumed in the examinations and it may require all of Saturday also before the winners are finally sifted out and tagged with the purple championship ribbons. A baby

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

When Secretary Cooper announced several weeks ago that "everything would be in readiness at 9 o'clock on the first day and that the fair this year would not last over one whole day" he struck a responsive chord among his exhibitors and they are bonding every effort toward that end with success in sight. Probably the busiest man on the grounds is President Dickinson. He is much in demand and has exhibited an ability to cover ground which is the envy of many people who have watched him at work.

ANEXATION MATTER TO BE TAKEN UP BY REALTY MEN

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

FIRE DESTROYS TWO DWELLINGS

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

COLONISTS BEGIN TO ARRIVE IN THIS CITY

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

Sanford and Cobb Homes Destroyed; Woman Is Slightly Burned

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

INCENDIARY FIRE IS FOUND IN TIME

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

Pedestrian Sees Blaze In Window of C Street Residence

make the trip overland with him. In this same caravan will be Tony Jeanette and his National Pells, Magone and his Stutz, Eddie Winterman and his speedy Buick and W. S. Campbell and his big Packard. Petzluft and Verbeck will come by train on Tuesday, as will Harvey Kennedy of San Francisco.

A fire bug early last night attempted to burn the home of August Schlebeln, at 650 C street, but the fire was discovered in the nick of time by a passerby and extinguished with a bucket of water. Schlebeln and his family were away from home at the time but arrived on the scene immediately after the fire department.

Coal oil had been poured on the wood work of the window opening late in the evening. The fire was still smoldering when a man, walking down the street, saw the blaze and summoned the fire department. He secured a bucket of water and extinguished the blaze before the arrival of the apparatus. The owner of the building was unable to give any reason why anyone should wish to burn down his little home. The alarm was turned in from box 25 at 7:27.

AIDING VISITORS.

The question of taking care of the colonists who are beginning to arrive will also be taken up tonight. It is expected that several live debates will be held on this matter as many of the dealers have strong opinions on this subject. Many of them are of the belief that the colonists should be shown every favor whatsoever as the chances are that many of them will soon be here for the purpose of settling and that those who come will remain here.
